**Viva Point-of-Sale
And Multipurpose Retail Weighing**

METTLER TOLEDO

Superior Retail Flexibility and Performance

- Checkout - Interfaces with Most POS and PC Systems for Quick Checkout
- Batching - Excellent for Portion Control and Ingredient Measurement
- Self Service - Useful for Self Service Weighing or Estimating

First and foremost, Viva delivers what you want – complete accuracy along with reliable and durable performance. In addition, this scale connects to most point-of-sale systems for checkout applications and to personal computers for many

other applications that require weight data. Viva is also perfect for manual batching applications, such as controlling the weight of ingredients added to a recipe. Finally, many supermarkets are replacing mechanical estimating scales found in

fresh self service areas of the store with a more accurate and durable electronic scale. Whether standing alone, or connected to a computer, Viva is an excellent solution for your weighing needs.

Specifications:

Capacity

- 6 kg X .002 kg or 15 lb. X .005 lb
- 15 kg X .005 kg or 30 lb. X .01 lb

Interfaces

- RS-232
- Protocols included work with most POS systems
- OPOS compatible

Operating Range

- -10°C to 40°C / 14°F to 104°F
- 0 – 85% humidity, non-condensing

Dimensions

- Standard Platter
280 x 316 mm / 11 x 12.4 in
- Optional In-Counter Platter
276 x 327 mm / 10.9 x 12.9 in
- Minimum Height:
55 mm / 2.2 in

Display

- Backlit LCD
- Tower and base mount standard
- Tare and Zero functions
- 4 digits lb, 4 digits 6kg, 5 digits 15kg weight

Power

One external 9 VDC/ 500 mA wall mount power supply is provided for either 120 or 220 VAC.

Construction

Rugged Die Cast Aluminum base assembly with stainless steel platter Automatic Zero Maintenance assures a stable zero reading

Approvals

OIML. EC Type Approval Certificate T6294
NTEP Certificate of Conformance 04-037

Options

- Wall display
- Non-rounded platter for in-counter installations
