Epson
TM-T70
Thermal Printer

The innovative, space-saving TM-T70 printer with easy all-front access is the only receipt printer available today that is designed to operate entirely from the front of the printer. This means you can put it under a counter or on a shelf and free up your valuable counter space.

- Front-facing controls, paper loading and receipt dispensing
- Small, space-saving footprint
- Designed to fit under counters
- Fast and versatile printing up to 170mm per second
- Same fast print speed for both text and graphics
- Ideal for specialty retail, food service, convenience stores and kiosks
- Ease-of-use features including drop-in paper loading, autocutter and status LEDs
- Low power consumption, ENERGY STAR® qualified
- Two-year warranty

The TM-T70, with easy all-front access, is designed to fit under counters.

Big performance. Small footprint.
Streamline your POS system with Epson's space-saving TM-T70 printer. With its small size and low height (only 4.49" high), it's designed to fit under your counter or in other small spaces. And it has all the features you need to keep your lines moving.

High-speed, high resolution text and graphics printing
The TM-T70 prints receipts and graphics at the same fast print speed of 170mm/second. And with its 180 dpi resolution you are assured of crisp, clear receipts and eye-catching logos. Barcodes are also supported, including 2D.

Easy to use. Easy to maintain.
You can operate and maintain the TM-T70 entirely from the front of the printer. It features front-dispensing receipts, front drop-in paper loading and front-facing controls.

Reliability you can count on
With a MCBF of 52 million lines, the TM-T70 features the same high reliability of our best-selling TM-T88 printer series. It also has a sealed top for superior spill resistance and an optional cable management system.

Lower energy costs
The TM-T70 features low power consumption to reduce your operating costs and is ENERGY STAR qualified and RoHS compliant.

Integration made easy
With Epson's Connect-It™ interfaces, the TM-T70 is compatible with today's best-of-breed and component-based systems. Interface options include USB, serial, parallel, Ethernet and wireless.
